

Conceptual Site Plan

Legend

- 1** Rehabilitated Historic Buildings

Adapt for conference center uses with minimal changes to building interiors and exteriors. Restore porches on buildings 601, 602, and 636.

 - Building 601 – main dining facility
 - Building 602 – casual dining and lounge
 - Building 623 – health and wellness center
 - Building 636 – reception, museum and shop
 - Building 519 – chapel and meeting
 - Building 533 – conference and guest rooms
 - Building 507 – conference center administrative office
 - Building 405 – NPS use
 - Building 407 – conference facility
 - Other historic buildings are guest rooms.
- 2** New Guest Units (three clusters)

Make new buildings architecturally compatible with historic buildings.

Model sustainable-building principles and technology.

Minimize grading by using existing Capehart building pads.

Plant transitional landscape around new buildings with native and drought -tolerant plants.
